### **A little about ABC Daycare & Learning Center...**

ABC Daycare & Learning Center opened its doors in St Charles County, Missouri in 1990. ABC's goal is to give every family that attends our schools a sense of pride and a satisfaction about having their children enrolled with us. Our Center's policy is to provide each child with a loving, safe, secure environment with a "home away from home" atmosphere- a place where they can go each day to grow and learn to the best of their ability. ABC provides care for children starting at age 6 weeks and continues to nurture and educate through age 6 years. Our daily schedule includes age appropriate preschool activities, to develop their fine and large motor skills. Your children will be introduced to a foreign language, creative art, science, math, Phonics, and the latest technology in computers and smart boards.

### **Internships Opportunities within ABC Daycare & Learning Center:**

#### **Teacher/Classroom Observations:**

The Teacher is responsible for general classroom management and supervision, which includes the personal care, hygiene, and positive discipline of the children. He or she plans and implements their lesson plans based on ABC's curriculum, which includes activities for children that stress physical, social, and emotional growth and provides materials and resources for children to explore, manipulate, and use, both in learning activities and in active play. The Teacher prepares materials and classrooms for class activities and conducts all activities in a safe, organized, and productive manner. Classroom observations for practicum students are available at our ABC St. Peters school location.

#### **Curriculum:**

Interested in how a preschool curriculum is created, managed and maintained? Work with ABC Assistant Directors and with ABC's curriculum director to learn the process and assist in creating School Year or Summer Curriculum and the process of implementing it on all preschool levels infant through pre-kindergarten.

#### **Preschool Marketing/Advertising:**

Work with different media outlets to maximize exposure within the early childhood industry. Intern would be responsible for creating or maintaining social media, identifying marketing needs, designing marketing materials and working with Resource Director to evaluate current marketing efforts.
